Public Records Request

The City of Hermosa Beach encourages public participation in the governing process and provides reasonable accessibility to all public records except those documents which are exempt from disclosure by express provisions of law or considered confidential or privileged under the law. The City is under no obligation to respond to requests which are not focused or specific. The City may withhold documents which are exempt from disclosure under state or federal law, including the attorney—client privilege or any other applicable privilege. The City, in accordance with Government Code Section 6253(b), has ten (10) days to respond to any request for public documents by indicating whether or not the documents exist and will be made available. Actual production of the documents may take somewhat longer depending upon their ease of availability and staff workload. To assist us in providing a timely response to your request, please fill out the form below and indicate the specific record/document you wish to review.

Record or Document Requested:

To assist the City with your request, please identify each requested record/document separately. Please be as specific as possible. Non specific inquiries may cause responses to be delayed or may prove to be burdensome and therefore the City may not be able to respond. (Additional sheets may be used) **Submit all requests to the City Clerk's Office.**

attached

Photocopies are \$0.20 per page (Mailing fee, if applicable is \$3.00 plus postage). Fees must be paid before records are released.

I agree to pay all applicable fees and charges per the City Council Resolution of Fees for any copies I request of the above mentioned document. *Accepted method of payment:* Cash or check. Credit card accepted in person only.

Subject: 9/27/2018 Public Records Request [Hermosa Avenue Repavement Project]

Subj: Public Records Request for information related to the Hermosa Ave. Repavement Project

Dear City Clerk office:

There is a large 3-4 month project to repave Hermosa Ave, repair the adjoining sidewalks, and make \$200,000 In cosmetic enhancements to the Pier Ave/Hermosa Ave intersection among other things.

This project(s) will require that a large number of heavy construction trucks and trailers have ingress and egress to the worksites over a 3-4 month period.

I have been assured by the city that the contractors associated with this project have been instructed to use Herondo (190th) street for ALL East/West ingress & egress to **ALL** jobsites associated with this project(s).

Implied in this is that 27th Street will NOT be used by heavy construction trucks supporting this project.

This makes sense since 27th is already heavily damaged by truck traffic and the road damage greatly amplifies the the noise on this steep narrow street.

To this point, the cities last Pavement-Condition-Index study said further damage to 27th will occur at greatly accelerated rate given the current deteriorated condition of 27th.

And additional road damage from the Hermosa Av project will just amplify the existing safety, quality of life and property-value problems that heavy trucks using 27th for thoroughfare have already caused.

With this in mind please accept this public information request made according to Government Code Section 6250 et seq.

1. I request copies of any information in the contract(s), their appendices or their addendum's related to the Hermosa Av. project that specify truck **ingress** and **egress** requirements to the project job sites.
2. I request copies of any written correspondence or emails sent to or received from Hermosa Av. Project contractors the Hermosa Av. that are related heavy equipment and truck ingress and egress to the project job sites including but not limited to any requirement to use the Herondo route
3. I request copies of any other **meeting minutes** or records of any **verbal** instructions with contractors of the Hermosa Av. project that are related heavy equipment and truck ingress and egress to the project job sites with this project(s).

My purpose in asking for this information is :

- A. provide the police department with material that might motivate to HBPD to better enforcement of the no trucks laws on 27th if in fact there is a contractual requirement to use Herondo for east/west ingress and egress to the job sites,
- B. Motivate Public Works to use Mobile signs to direct heavy truck traffic associated with this project towards Herondo
- C. Protect the health, safety, quality of life and property rights of the residents of 27th Street who would be disproportionately impacted by this project when there are much safer and less intrusive routes available. It makes no sense to route heavy truck

traffic from this project over steep heavily damaged roads with narrow sidewalks when routes are available where the trucks would pose far less a noise nuisance and a safety risk.

Thank You,

Anthony Higgins
